We are a reputed supplier, wholesaler and trader of chemicals. The range of chemicals offered by us are procured from top-notch manufacturer and widely used in several industries that includes textiles, plastic, and so on.

## About Us

Established in the **year 1996**, we, “**Uma Chemicals**”, are a prominent name when it comes to supply, wholesale and trade a wide range of **Chemicals**. These chemicals are available in several compositions, colors and specifications to suit the specific need of our customers. Further, our products are quality tested at several parameters throughout their production process to ensure their accurate composition and safe usage.

A team of procurement agent source these products from reputed vendors after thorough research. The procured products are safely stored at our well maintained warehousing facility and packed in robust packaging before their delivery to clients end. Prior to their final packaging these products are rechecked for any kind of faults under the close inspection of our quality controllers. Our vast vendor base allows us to offer most cost effective product within the stipulated time frame to the customers.

We are headed under the able guidance of our owner, “**Mr. Narendra J. Thakker**”. He has started his career in the year 1974 as a broker & commission agent. His wide industry experience of around **37 years**, in chemicals & goods support industries help us understand & fulfill the exact need of our customers.
